WHAT DOES THIS PAINTING REPRESENT?

The brown, red, blue and green corners represent the services we offer right across the Diocese from the sea, to the country, to the forest and to the red dust. The red dust makes you feel at home. The circles within represent the meeting places, offices and our residential group homes within our Diocese.

The turtle and his shell represent our Family Centres, Permanency Support Program and Supported Independent Living houses where we offer food, shelter, security and safe places for those in our community.

The lizard runs very fast - he is very alert and has the awareness which will assist us to help our clients and staff reach their life goals.

The frog represents our Disability Futures services, individuals who are born as a tadpole and grow into a frog. A tadpole and a frog transition from one ability to another growing and adapting to life changes, like the ability to breathe underwater transitioning to breathing above water.

The goanna is situated in the red dust which represents how we want each individual to feel at home in every service that we offer. The goanna climbs high to reach and fulfill personal dreams.

The big blue circle incorporating the dove represents our main meeting place, our Head Office at Pennant Hills.

The blue dots and long lines are journey tracks from Head Office out to the various hubs and our myriad of services. The dots on the journey tracks represent barriers, self-doubt, self-worth and each individual's journey to overcome these barriers.

The leaves represent growth, the dove is hope and the arms are welcoming and inclusive. The colours and dots in the background of the leaves are the dirt and sand representing Mother Earth, the foundation CatholicCare was built on. The black tracks in between represent our clients using multiple services or moving around different lands.

And finally, the 'C' in the mouth of the dove is our logo.

OUR COMMITMENT TO EQUALITY, DIVERSITY & INCLUSION

At CatholicCare Diocese of Broken Bay we work with purpose to make a positive difference in the lives of the children, young people, individuals, and families we serve. We are a safe, respectful and inclusive employer.

Across the Diocese of Broken Bay, we service the Northern Beaches, Northern Sydney, and the Central Coast. This geographic area crosses three Aboriginal Nations – Darkinjung, Guringai and Darug.

“
Our vision is that across our land, communities and nation, First Nations people are treated with equity, dignity, and respect and that they enjoy the same access and opportunities as non-First Nations peoples.
”

CatholicCare believes in the importance of working alongside First Nations people. We are committed to reconciliation. We acknowledge the unjust past policies of the Government and the Church and the sorrow and suffering experienced by First Nations peoples as a result. We support the apology made by the Catholic church for their part in the ongoing pain, suffering and trauma inflicted on the Stolen Generations.

OUR STRATEGY

The First Nations Employment Strategy and the First Nations Engagement Strategy work in partnership to achieve the outcomes of the Reconciliation Action Plan (RAP).

STRATEGIC DIRECTIONS THE GIFT OF HOPE

Is how we describe our CatholicCare Strategic Directions. At CatholicCare, hope means trust in a brighter future. We can only achieve this if we bring our hearts to our work and maintain our unflinching commitment to building a fair society.
